

Circular No. : 08

Date: 26.08.2021

Dear Friends,

Warm Greetings and Best Wishes.

All India Save Education Day on 05th September Teachers Day

Thank you for your active participation in the digital signature campaign and Save India Day to register our protest against National Education Policy and unbridled privatization move of Central government. You must agree with me that in spite of our continuous democratic protest, it has no visible impact on the attitude of Government of India. Time has come for more vigorous protest against the stubborn and undemocratic attitude of the Government of India and showing our teeth against undemocratic, unscientific, retrograde and exclusionary nature of NEP. JFME considering the gravity of the situation has given a call for All India Save Education Day on 05th September, 2021 to be more demonstrative of our protest against NEP to Save Education, Save Campus and Save Nation. Please where ever possible organize demonstrative action either in front of Rajabhavan or State Capital or university or college campus on the day. Submit memorandum to the state as well as Central government on our stand on NEP and also highlights state issues. Organize JFME at your level and carry on the program. Make involve all right minded people and media to solicit their support. We have also taken decision to have a big demonstration at New Delhi on 11th November, National Teachers Day. Please take all initiative to make the program successful.

Government of Delhi and Central government to pay heed to the democratic voice of the Teachers

Friends you must be hearing every day the announcement by Central government to implement NEP in spite of our protest. Some states have also taken steps toeing the Government of India line. We have to intensity our movement and to make it broad based and more demonstrative in nature to save our education system from the clutches of corporate and fundamentalist.
